# TROY STREET DIRECTORY.

COPYRIGHT, 1914, SAMPSON & MURDOCK CO.

Giving the name of each street and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as for instance, wishing to know at what part of Second street No. 168 comes, look at Second street, and it is found that Liberty street crosses at 156, Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

Ciphers are substituted for numbers on streets not fully numbered.

This Company organized an Electric Lighting Department in 1888, taking power from the Cohoes Company and operating water wheels under 90 feet head. Later a power section was added to this department. The City of Cohoes is well piped for gas, and electric lines for power and light cover the city. Consumers' rates are low and favorable contracts are made for power. The Company is progressive and offers favorable inducements to parties desiring to locate.

SAMPSON & MURDOCK CO.

401 FREAR BUILDING .. .. .. TROY, NEW YORK

*MAILED FOR TWENTY-FIVE CENTS*

## *Mailing Lists*

From our library of directories covering the entire country we compile accurate mailing lists which are up-to-date. Wrong addresses not only mean wasted postage, but loss of possible prospects.

## *Addressing*

Our List and Letter Service Department has competent help trained to do addressing quickly, neatly and correctly.

## *Letters*

Letters do reach the right man. They help your salesmen, they secure business from any part of the country and cost but little. These things are accomplished if the letters really look like typewritten work.

Our letters are not the ordinary "form letter". It is difficult to distinguish them from individual typewritten copies.

## *Mailing*

We are equipped to handle every detail of your mailing. The quality of our directories is well known. Our addressing and mailing department gives you the same kind of work.

# *A Public Service Publication*

Few lines of Business have such a varied clientel as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and who's life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

# *Let Us Get Acquainted!*

**We wish you could feel the warm interest we have as co-workers with you in the up building of your beautiful City. Every Trojan takes pride in the public buildings, the parks and the institutions of his city and it is well. One of the oldest established institutions is the city directory. For many years its quiet influence has been persistently bringing together the buyer and the seller, has acquainted the stranger in the town with its resources, has made it easy to find friends and acquaintances and in directory libraries all over the Country has been the advance agent of publicity. Its influence though persistant is so quiet that many do not realize the wonderful work it is doing nor the amount of valuable information it contains. Will you not get more acquainted with this index of your city's greatness by carefully looking through from cover to cover. Look up your Lodge, your Church, your City Government and see that the officers are correctly listed. By searching out the possibilities of your directory you will discover more ways in which it may be of service to you than you have ever realized.**

**Yours for Better Service**
